Job Title

Chef/Manager – Purchase, NY

We are seeking a professional and passionate ‘foodie’ with a solid well rounded culinary background, QFO certification, supervisory and management experience. All staff members participate in customer service and developing the business by WOW'ing the customer and capturing their trust as tenants begin returning to the workplace. We offer our team members excellent pay and benefits: uniforms, medical, vacation, paid holidays, paid time off and a consistent professional work environment.

Duties & Responsibilities

Job expectations include: learn procedures for preparing and executing all items and menus; learn all food stations to provide strong staff support; coordinate staff scheduling and adjust job flows; participate in discussions and planning for all menu items, catering, retail production and product development; you will be involved in all aspects of food service staff training and development; and you will be expected to uphold the company standards at all times.

Management tasks will include: ordering products and supplies; recording sales and purchases; menu distribution; interacting with customers via email and in person; participating in organizational meetings, proficiency with Microsoft Office; and tracking and maintaining food and beverage costs

Qualifications

Pre-employment screening, practical and written chef's test will be conducted. Professional references will be required for this position. Resume is required prior to scheduling an interview. Must be fluent in English.
